

CONSTITUTIONAL AMENDMENT FULL TEXT

Article and Section Being Created or Amended:

Create Article X, Section 33

Full Text of the Proposed Amendment:

We the people of Florida appreciate all the work the government does to serve us, but we strongly disagree with abortion, because we don't believe abortion should be done under any circumstances.

For God's word says you shall not kill, which forbids murder, the unlawful killing of a human being, {Bible verse Exodus 20:13} Abortion kills the child that God begins to form in the womb at the moment of conception.

The child that God begins to form in the womb is a complete person, because God begins to form life in the womb at the moment of conception. {Bible verses Jeremiah 1:5, Psalm 139 13-16}. So abortion in the sight of God is unlawful, because it destroys innocent unborn children that God is forming in the womb.

We ask the secretary of state to place a complete ban on abortion on the ballot in the general election.
